Objective

Driven by a passion to bridge theoretical knowledge with hands-on expertise, I am enthusiastic about contributing to innovative projects, honing my technical skills, and establishing a solid foundation for a successful career within the dynamic field of metallurgy and material science.

Academic Qualification

Enrollment no : BT22MME048

Branch of Study : Metallurgical and Materials Engineering   Current CGPA : 7.12/10

Examination	University	Institute	Year	SGPA / %
B.Tech. 3rd Semester	VNIT , Nagpur	VNIT,Nagpur	2023-24	7.17
B.Tech. 2nd Semester	VNIT , Nagpur	VNIT,Nagpur	2022-23	6.81
B.Tech. 1st Semester	VNIT , Nagpur	VNIT,Nagpur	2022-23	7.36
Intermediate / +2	HSC	S.A Mission Junior College	2020-22	85.83
Matriculation	SSC	S.H.G.S High School	2020	91.6

Coursework

- Undergraduate: Physical Metallurgy, Testing of Material, Mineral Processing Technology, Introduction to Material Science, Polymeric Material,Ceramic Material, Ferrous Extraction Metallurgy.
- Techanical   : Data Structure & Algorithm, Object Oriented Programming, Competitive Programming, Web Development.

Skills

- Languages   : C++, Python, Java, C, JavaScript, HTML, CSS
- Framework & Library : React.Js , Node.Js, Express , BootStrap
- Database   : MongoDB
- Tools   : Git/GitHub, VS Code, IntelliJ CLion

Projects

DailyNews   Link

- Developed and designed a responsive daily news website using React, HTML, CSS, and JavaScript, ensuring optimal user experience across various devices.
- Implemented API integration to dynamically fetch and display up-to-date news content, providing users with real-time information.
- Utilized modern front-end techniques to enhance the website's performance, accessibility, and interactivity, contributing to a seamless browsing experience.

Girish More - Portfolio Website   Link

- Designed and developed a personalized portfolio website using React, HTML, CSS, and JavaScript, showing my professional experience, projects, education, and skills in an interactive and visually appealing manner.
- Implemented dynamic content sections for experience, projects, education, and skills, enabling seamless updates and customization as my portfolio evolves.

Weather Website   Link

- Implemented HTML to structure the layout of the website, ensuring clear navigation and content hierarchy.
- Utilized CSS to design the interface, enhancing user experience through intuitive visuals and layout.
- Integrated weather APIs to fetch and display up-to-date weather data, enabling users to access accurate forecasts.
- Ensured responsiveness across different devices and browsers, optimizing the website for seamless user interaction.

Achievement

- National Means Cum Merit Scholarship (NMMS) Qualified
- 300+ DSA problem Solved
- 1502 Highest Rating On Leetcode   Leetcode- Profile
- 1465 Highest Rating On Codechef   Codechef-Profile

I hereby acknowledge that the information furnished above is correct to the best of my knowledge.
